

**Grappled With the  
Revenue Problem**

The regular meeting of the Town Council was held last Thursday evening at the Council Chamber. The important business of the meeting was the consideration of the revenue situation of the Citizens' Meeting of the night previous, a report of which appeared in our columns last week. In accordance with Mr. Burrell's motion which was carried, the committee be appointed of five members to confer with the council to decide upon some means of raising the additional revenue necessary for carrying on the public business of the town for 1912. The council appointed a committee consisting of Messrs. Burton, Amundsen, Milnes, Wilson and Moffatt. After deliberation the committee reported the recommendation that the council advance present assessment around 50 per cent and license businesses commensurate with the increase in the amount of revenue. The council adopted the report and crystallized the suggestions in proper form. By-laws were passed placing license on Elevators, \$100.00; on Druggists, \$25.00; on Distillers, \$100.00. The idea was to make the license business located on the C.P.R. right-of-way, such as the elevators, the coal sheds and the tanks of the Imperial Oil Co. revenue producing to the town. A by-law was also passed restricting the handling of combustible materials within specified limits.

**Assistance for Frank**

The predicament in which the people of Frank find themselves at the present time, with the ever-advancing mountain threatening to lose its equilibrium, has called the attention of several of the hands of the town to the situation in the district and donations are being forwarded to the Dominion and Provincial governments paying that sum be taken to either render assistance to the townfolk or to acquire the land and either safety or recompensing the citizens for the loss incurred by the circumstances over which they have no control. The position in which the town is placed is almost as serious as if the town had been devastated by earthquake or ravaged by fire. In either of these cases the sympathy of the people would be immediately called for. The argument is, why not extend that sympathy now even if the case is not so spectacular as the Prisco mine or the sinking of the Titanic.

**Some Winners at Macleod**

At the Horse Show at Macleod last week best horses were in evidence. In the list of awards the Stewart Ranch frequently mentioned. From their stables, Bess won first in the Grade Mare class; Nancy, in the Heavy Grade Mare class; Nancy Kirk, in the Standardbred Mare class; and Dorothy, in sume, 2 year; Dorothy, the ribbon in Mare or Gelding; Elvora, in High Stepper, and in Champion Driver. In the Driving class, H.2 and under, the Stewart Ranch won with Nip and also got a second with Nancy Kirk in some class over 14.2. The team Bessie and Nip won first in the Team of Drivers class. In the Team of Drivers class, W. Elliott won a first and a blue ribbon, and J. R. Watt a first with Elvora Rahms. In the Heavy class J. R. Watt was placed second with Frank King.

It is rapidly approaching the time when the town council and the band should get together to produce a regular band concert on a definite night in the week for the warm months. This is not a matter for the board of trade but for the council. A small band stand erected in a central place would be a splendid thing to live up the summer evenings.

**Shall We Bowl on the Green**

At the Annual General Meeting of the Clareholm Curling Club held on April 20th the matter of extending the sphere of operation of the Club so as to provide for Lawn Bowling for the summer was discussed very fully and a committee was appointed consisting of Messrs. Holmes, Teskey, Williams, Brown, Leach and Duncan to look into the matter and report to the Club at a subsequent meeting. The committee met last Tuesday night, four members only being present, viz., Holmes, Holmes, Teskey, Williams and Leach. At this meeting an offer was made by Mr. Teskey to buy without any remuneration the two lots that were formerly used as a tennis court to the Club for a bowling green. These lots so generously offered would make a splendid green if seeded to grass but could not be made available for this year's bowling. However it would be necessary to take these in hand at once if they are to be ready for next year. Mr. Holmes has two lots adjoining these with the natural sod unbroken which are fairly level and could, with very little expense be put in fair shape for bowling this year. At the meeting it was held next Tuesday night a good representation of the Club is expected so that proper steps may be taken for the purchase of Mr. Teskey's generous offer and also to make arrangements if the Club should see fit to prepare a green for this summer's sport. Mr. Holmes has written to Calgary to get prices for the turf, mow, etc., and will be in a position to give the members an intelligent idea of the probable cost. Let this meeting be a well attended one.

**An Unique Memorial**

As a tribute to the memory of the late president C. M. Hays, chairman of the present time, will be the unveiling of a unique memorial. The memorial is in the form of a small building, the Grand Trunk and the Grand Trunk Pacific Railway and all subsidiary companies within Canada, United States, Great Britain, on the Atlantic ocean and Pacific ocean, a record of work will take place for a space of five minutes. The time has been arranged with regard to difference of longitude so that work shall cover all of the time. In England it will be about 7:20 a.m., in our time in Montreal 11:40 a.m., while in Prince Rupert the time will be 10:30 p.m.

**Willow Creek Echoes**

The boys of Willow Creek have organized their ball team for the season and will be ready for business soon. They have their eye on Clareholm as first mark.

Leon Annett went out to his home near near Barons this week.

The gasoline engine owned and operated by Henry Maxwell blew up the other day while playing.

**"The Right of Way"**

Mr. Sanford Dodge, has surrounded himself with a splendid company, this season and he is in "The Right of Way." This great play is an adaptation from Sir Gilbert Park's famous story of the same name, the dramatization being made by the author's great playwright, Eugene O'Neill.

"The Right of Way" was originally produced at Wallack's theatre, New York City by Klaw & Erlanger and immediately before the sensation of the theatrical world. Not to have seen it is to miss seeing one of the most talked of dramatic productions of modern times.

Mr. Sanford Dodge will present this splendid new play at the I.O.O.F. Open House on Saturday, April 27. He carries an load of new scenery and properties, and the production will be first class. Prices will be made to suit all.

**Claresholm & District News**

C. D. Hardwick is spending a few days in Calgary this week.

D. L. Vanden, left on Tuesday for Pincher Creek to buy horses.

Mrs. Florence Gilman visited Mrs. Elgin at Graman on Monday.

Ray Burton, of Stately, spent Sunday the guest of Chester Solberg.

Born—On Saturday last, April 20, to Mr. and Mrs. A. P. Bonifas, a son.

J. F. Reynolds returned Saturday from Macleod where he spent the week.

Geo. Adams, who was on the sick list for a few days last week, has recovered.

H. O. Haslam and J. T. Kingsley went out to the Hills on Tuesday in search of trees.

S. C. Metz, of Lethbridge, stock inspector, was registered at the Clareholm on Monday.

Mrs. and Miss McGill have returned from Oregon to spend the summer with Mr. McGill here.

R. J. and Harry Snell of Graman were here on Monday with their brother from Winnipeg.

The local lodge of I.O.O.F., had a banquet at the close of their regular meeting last Monday night.

Thos. Guy returned from Calgary Sunday with his new cow. He is taking it to the McLaughlin's.

Earl Reid left last Saturday for Koom where he has secured a position as bookman on the C. P. R.

Shirley Hardwick was over from Glenora to take over the cattle purchased from the Leach ranch last fall.

The V.P.S.E.C. of the Presbyterian Church are having a social evening at the home of Mr. and Mrs. Burton this evening.

Several miles of pipe are on the shipping way personally for the Gas Co. the which is being rapidly pushed from Bow Island to Calgary.

Last Saturday was open day for the young adventurers into this world of sorrow, in less than three hours a Pacific seaman, a resident of work will take place for a space of five minutes. The time has been arranged with regard to difference of longitude so that work shall cover all of the time. In England it will be about 7:20 a.m., in our time in Montreal 11:40 a.m., while in Prince Rupert the time will be 10:30 p.m.

Mac's is taking some aerial photos these days as in his helicopter some four hundred eyes, the property of Harvey. If anything happens to those, Mac's life will not be worth a cent.

Edna Johnston has taken the position made vacant by the resignation of Steve Chetels, as caretaker at the Demonstration Farm. Steve has assumed his place on the staff of G.A. Tilson.

The Quibble Club held another of their delightful functions last Friday night in the I.O.O.F. hall. The dinner was well attended and the display of Terpsichore had a most enjoyable time.

Pressure of work caused Ford Watts to make a trip to Calgary. To secure a man. While in Calgary he bought a pair of line launchings, and will blossom out as a chicken mender with the rest.

M. Calder, Supt. of Roads and Bridges for the Provincial Govt. was in town this week on his way out to Meadow Creek to straighten out a mud difficulty. It is understood that the Meadow Creek will get their money.

John Wall has taken his cow from cold storage and was trying it out on Tuesday. It winced as much as cold storage eggs but will not be affected by its return to the sunbathing like the aforementioned eggs. It is to be hoped.

J. Jack has authorized the modern times.

Mr. Sanford Dodge will present this splendid new play at the I.O.O.F. Open House on Saturday, April 27. He carries an load of new scenery and properties, and the production will be first class. Prices will be made to suit all.

Lloyd Harper and wife, of Clump ton, were here on Friday last.

G. B. More of Pincher spent Sunday with his sister, Mrs. J. E. Moffatt.

It is a pleasure to note that C. W. Mern's child is recovering nicely.

Born. On Saturday, April 13, to Mr. and Mrs. Henry Zolander, a son.

C. E. Weger and wife from the Honey Ranch in the Hills were in town last Friday.

Ray Anderson of Saskatoon arrived Saturday to pay a short visit to Fredson Anderson.

Geo. Gibbons left on Wednesday for Macleod, Lethbridge and Edmonton to talk Kereenos.

Miss Haslam has returned from a vacation spent in Vancouver and other Western points.

Peter Lund of Warden, B. C., met with inspection to his enterprises here last Friday.

R. E. Moffatt went to Macleod on Monday as a witness in a case being tried at the District Court.

On Tuesday a gang of men arrived to unload the cars of pipe for the Can. Natural Gas Co.

The Church of England folks and friends are engaged in a Wild Drive at the Parish Hall this evening.

Ranpina & Grey are expecting a shipment of three motor cycles ordered by them for parties in town.

Otto Taylor and wife were visitors from Carmanagay over Sunday. They were registered at the Queens.

Algan Macdonald came down from Calgary Monday. He says Mr. Macdonald has recovered which will be good news for her many friends.

Neddie has been heard from the Club with regard to re-organization. The best part of the season is right at hand and the earlier a start is made the better.

Dave Delf of Montreal, N. Dak., arrived last Friday to resume on Monday a position with Mark Fisher in the place of Mr. England, who has gone to his home-land.

One account of the number of men but in the town the hands have gone on a strike and setting has been not so secured although some of the newly created children have and not crying for them.

Freeman Anderson is one of the best of the latter. The judge. He has gone in the three or four of the best levels and proposals to have the entire local bank, "bank" with his Partridge Rocks, Hamburgs, Bladed, Red and Bull Cakes.

According to letter received from Mr. Bawn, he and his family have arrived in their new home and are well pleased with the Valley. In the course of the letter he mentions that apricot and cherry trees are in bloom already.

F. Robinson, of Calgary, deputy organizer for the I.O.O.F. for this district, has been engaged during the week talking F.E.C. and it is hoped with such encouraging success that a meeting for organization will be held the early part of next week with a good list of charter members to begin.

In our last issue we have looked a mention of the success of J. E. Moffatt's horses at the Calgary Horse Show. Bess M. and Kid won a roll ribbon in the team members class owned outside of Calgary and the blue ribbon in the team prize class. Bess M. herself, was third in the single members class. The horses were shipped home last Sunday.

The members of the K. P. lodge and their ladies gathered in the Hall last night to enjoy a little recreation, with music, whist and some creature comforts which will enable the lodge members to last out for another few days at least. Several things were kept back and when the final count was made the prize winners were Mrs. Leach and E. C. Payne, first and Mrs. Payne and Geo. Reynolds last. The evening was a most enjoyable one and everyone is looking forward to the next social evening of the lodge.

**A Win for the Western Shipper**

The West is shaking hands with itself with rejoicing in the ruling of Judge McBride to the effect that the issue of proving that no unjust discrimination is being made against the West in the matter of railway freight rates rests upon the railroads themselves, rather than upon the plaintiff shippers. Great credit must be given to Mr. K. C. Cowan, K. C., the counsel engaged by the Alberta and Saskatchewan governments jointly, for the success which has attended his untiring efforts and at the same time the work of the Manitoba Free Press must not be overlooked for its trenchant articles on the question of discrimination aroused public opinion and crystallized public sentiment so that the demand of a united West fashioned a weapon for the hands of Mr. Cowan. April 16th, should be marked conspicuously in the calendar from now on.

**Taken From Our Exchanges**

As soon as weather permits, the laying of cement sidewalks in High River will be commenced.

Step by step High River is fast developing as a large producer of dairy products. Last year a new farm was erected and the daily output is now 200 pounds.

This far efforts to re-organize the Third Basal Club, which captured the championship Southern Alberta last year, have failed, and it is likely that Taylor will have to go with out last fall this season.

The postmaster at Mynagh has been removed as a result of an investigation as to his partisanship in county elections. It was proved that he had been playing politics and fighting the government.

The proposed "Kereenos" trip under the auspices of the Southern Alberta Associated Bands of Trade, to have been taken in June has been abandoned, owing to the difficulty in financing the proposition.

Over twenty miles of pipe for the gas line have been delivered at Grass Lake but less than half of them have been unloaded. A bunch of men to haul the pipe out to the ditch will be brought in by the contractors.

The chicken fanciers of Okotoks are having a poultry show in connection with the Horse Show tomorrow. In all prizes are being offered, and it is expected that the food will be no less the attraction.

**Meadow Creek Notes**

Services will be held every Sunday at Meadow Creek school house, at 3 p.m. Everyone is cordially invited.

Mrs. Green returned to her home last Saturday after spending about three weeks with her sister, Miss Clark, who is teaching the Meadow Creek school.

Miss L. E. Maxwell is quite ill at present.

Mrs. Bob Oliver and two children are visiting Mr. and Mrs. Oliver, up in the Hills.

Rev. McLean was calling on Monday making the acquaintance of the people here.

**Here Are the Characters**

The ends of "The Right of Way" to be presented at the I.O.O.F. Open House, Saturday, April 27, is large and contains many interesting characters.

Charley Steele, the criminal lawyer who loses his memory.

Judge Watonga, his wife's niece.

Deuter Wadlow, the family physician.

Joe Patzig, the murderer whom Charley Steele saves from the gallows.

Capt. Thos. Fairing, who is in love with Mrs. Steele.

Edie Watonga, Steele's young daughter-in-law.

Jack Brown, formerly a preacher now a tramp.

Phoebe Steele's secretary.

Kathleen Steele, Charley's wife.

Sarah, the wife of Capt. Fairing.

John Hough, an Englishman working as river driver.

George Gosselin, a Canadian voyager.

Benjamin, a Half Breed.

Jocelyn, a Canadian voyager.

Giviel, a Canadian voyager.

Belmont, the wife of George Gosselin.

The Curved of Cooling Springs, Paris.

M. Mord, the Cur's mother, a great success from Paris.

The Alde, visiting the Cur.

Louis Trudell, the jealous, fanatical father.

Douglas Dufres, Portugal's former wife, the Red Woman.

Roslie Evanson, who has fallen in love with Charley Steele.

Conrad, the woodman, riverman, etc.

Estimate: A great play, a splendid company, and special scenery. Don't miss it.

**TAKE NOTICE**

All lock yards must be closed before May 1st. Allots must be cleared and cleaned at once.

By Order  
Committee Board of Health

The C. P. A's., up the Crow, are joining with several other outfits of the province, in asking the Provincial Government to go into the land back to back and to permit the settler to buy land from the government at a low rate of interest the money necessary for the development of his holdings. They have their eyes on the western outlet for their grain and are asking the consideration of the Dominion Government for this question.

As Exchange hands out the following. The men who do a town now have their good money placed as follows: First, those who run it down to strangers. Second, those who oppose improvements. Third, those who never advertise their business. Fourth, those who distrust public spirited men. Fifth, those who show no hospitality to anyone. Sixth, those who hate to see others make money. Seventh, those who oppose every movement that doesn't originate with themselves. Eighth, those who put on long faces when a stranger or speaker of beating in their town. Ninth, those who oppose every public enterprise, which does not appear of personal benefit to themselves.

# PORT MANN

## When You Buy a Lot in PORT MANN

You are making an Investment not a Speculation

Resident lots \$400 to \$1400

Business lots \$1500 to \$10,000

## REMEMBER

You are getting in at the start with Sir William Mackenzie and Sir Donald Mann, men famous as empire builders - big, broad men with the serious intent of making Port Mann a terminal and industrial city - not a boom town.

### Connaught and Kerr Join In Movement for Good Roads

Moved by the same high public spirit and the single purpose of bringing the roads of Canada up to a standard that will be a credit to the nation, and an example to the world at large, His Royal Highness the Duke of Connaught, and W. J. Kerr, hold the two highest positions in the gift of the Canadian Highway Association, that of patron and president respectively.

The Canadian Highway will be an accomplished fact within the next few years, and the outside world will then know that in this broad Dominion there is a road more than 3,000 miles long over which an automobile can travel from coast to coast in safety and with comfort. The country that offers the wealthy tourist the splendid roads that Canada will have, the magnificent scenery and exceptional opportunities of investment will reap a large harvest from its visitors.

This association was formed in New Westminster, B. C., last November, and it was at this meeting that Mr. Kerr, a wealthy resident of the coast and the principal mover in the convention that resulted in the formation of the association, was elected president. Some time later the Governor-General of Canada, whose activity in the cause of goods is well known to those interested in this work, was approached and requested to permit his name to be used as that of Patron, the following resolution being forwarded to him after a meeting of the executive of the association:

Moved by President W. J. Kerr,  
Seconded by Vice-President A. E. Todd.

"His Royal Highness the Duke of Connaught, Governor-General of Canada, having in many ways shown his interest in good roads, and more particularly by his speech from the throne at the last formal opening of parliament, be it therefore,

"Resolved, that the secretary extend to His Royal Highness the thanks of the officers of the Canadian Highway Association for lending his influence to the cause of roads improvement, and further,

"That the secretary respectfully inform His Royal Highness that it is the earnest desire of the members of this association that His Royal Highness should consent to become Patron of the Canadian Highway Association."

The following reply was received:

few days ago by T. W. Lucey, secretary of the Association:  
Government House,  
Ottawa.

Dear Sir,

I am desired by the Governor-General to acknowledge receipt of your letter, and to inform you in reply that his Royal Highness will be pleased to become Patron of the Canadian Highway Association as requested by your Executive Committee.

His Royal Highness is much interested in the subject of good roads, and wishes your association every success, I am,

Yours faithfully,

Arthur E. Sladen,

Private Secretary.

The Duke of Connaught, has long been interested in good roads and has shown in many ways that he is strongly in sympathy with any movement that will tend to better the transportation facilities of this or any other country. Travelled man as he is, and trained in observations of things that make for the public good, His Royal Highness has put to practical use the knowledge gained in Canada, England, on the continent, and in foreign countries, and he believes he has acted wisely in allowing his name to become associated with the enterprise fostered by the Canadian Highway Association.

"Good roads are a social and economic necessity, and good roads we will have all over Canada before I am ready to acknowledge that the work of the Canadian Highway Association is finished," says President W. J. Kerr. And he means every word of it.

### "The Right of Way"

#### A New Departure

Mr. Sanford Dodge, so long identified with the classic drama, has secured "The Right of Way" for this season. This is a dramatization of Sir Gilbert Parker's beautiful novel by Eugene Presbury. It was originally produced at Wallack's theatre, New York City by Kline & Erlanger and is one of the most powerful dramas of modern times. The characters of Charley Steele, the brilliant criminal lawyer, Joe Patouille, his friend, Charles Fried, Rosalie, Eventual, the rose of the mountains and many of the other roles are already stage classics. Not to have seen this wonderful play is to miss seeing one of the world's greatest modern dramatic creations. Mr. Dodge will present this play at the

LOO.F. Open House, on Saturday, April 27. The scale of prices will be such, that everyone who desires may attend.

### The Effective Laxative

Tastes Like and is Eaten Like Candy

In our experience in the handling of drugs and medicines, we believe we have never had experience with any remedy that gave such great satisfaction to our customers as do Russell's Obedients. This remedy is not like any other laxative or cathartic. It contains all the good features of other laxatives, but none of their faults.

Our own faith in Russell's Obedients is so strong that we offer them to you with our own positive personal guarantee, that if they do not thoroughly satisfy you, you only need tell us and we will hand back to you every penny you paid us for them. Therefore in trying them upon our recommendation you take no risk whatever.

Russell's Obedients taste like and are eaten like candy. They do not grip, cause nausea, excessive looseness, or any other annoyance. They act so easily that they may be taken at any time, day or night. They are particularly good for children, aged, or delicate persons. They are put up in convenient tablets in three sizes of packages. Prices, 10c, 25c, and 50c. Remember, Russell's Obedients can be obtained in this community only at our store. The Retail Store, O.L. Reinecke, Clareholm, Alta.

### TENDERS WANTED

Tenders will be received by the undersigned for excavating a cellar 18 feet by 16 feet, 4 feet deep, under the Methodist Church, Clareholm. For further particulars apply

Jas. McKinney, or  
W. P. Towley.

### NOTICE

All Odd-floors are requested to meet in the lodge room on Sunday, the 29th, inst, at 6:30 p.m. sharp, for the purpose of attending Divine Service in the Church of England.

D. Munro, N.G.  
Geo. Adams, Secy.

Lattimer & Bottrell purchased last week from W. H. Bowthelmer the 25 feet used by Bowthelmer & Sons as a butcher shop, south of the Northern Crown Bank on Galtz Ave., for \$15,000, or \$520 per foot.

Lethbridge, Alberta, Feb. 24.  
The most valuable prize ever offered in open competition for the world for the best loaf of hard wheat is announced by the Exposition Committee of the International Exposition of Dry Farming Products, Machinery, Farm Sanitation and Labor-Saving Devices, which is to be held at Lethbridge, Alberta, Oct. 21-26, in conjunction with the Seventh International Dry Farming Congress and Second International Congress of Women. It is a Stewart Sheaf Loader, valued at \$500, and the donor, the Stewart Sheaf Loader Company, Ltd. of Winnipeg, will deliver the machine free of charge to the winner, whether he farms in the United States or elsewhere.

"This is the second susceptible prize we have announced," says J. W. McNeil, chairman of the exposition committee, "and we have only begun to close arrangements for what are certain to be the most valuable prizes ever offered for dry-farming products in open competition. This prize offer, following closely upon the \$2,500 Rumely oil-pull tractor for the

best bushel of hard wheat, shows the place of wheat in our world, and we are going to have the keenest competition on record."

"The sheaf loader is one of the greatest time and labor-saving devices used in harvesting operations, and a prize that will be appreciated by any thrasher or farmer. It sells for \$300.00. Winnipeg, and the manufacturers offer to deliver it free of charges to the winner means that it is of far greater value, for should the winner live at a distance or in the United States, there are freight and customs charges to be taken into consideration."

"If is a machine that will pick the sheaves from the stock or from the ground, when lying flat, and by means of carriers, deposit the grain into the wagon. It is guaranteed to do all that is claimed for it, and with proper handling it will load the wagons quickly enough to keep any thrashing machine supplied with plenty of sheaves. The loader does the work of all the pitchers in the field, and because it loads so quickly fewer bundle wagons are required

and great saving is made in this place of wheat in our world."

"The sheaf loader is used by a large number of the leading farmers of Manitoba, Saskatchewan and Alberta, and scores of them have testified to its meaning a saving of \$20 to \$25 a day in the cost of their harvesting operations, the machine offers paying for itself in this saving in one season alone."

"We are deeply grateful to Mr. J. L. Doupe, one of the directors of the Stewart Sheaf Loader Company, for this donation. He has been much interested in the work of the International Dry Farming Congress, and he has in this substantial way shown his desire to interest the farmers of western Canada, as well as the world at large, in this movement to better their condition and to save the farm waste through utilizing labor-saving devices. The exposition committee has made arrangements for a demonstration of this sheaf loader at the exposition grounds throughout the meeting, and it is sure to prove highly interesting to all grain growers."

## A WAY OUT—FRONTAGE TAX

Although, perhaps, it is late in the day to discuss the tax problem which is facing the citizens of this town, as it is facing the citizens of every other town in Alberta since the new law adopting the single tax principle has been passed on the statute-books of the province, yet it seems that as long as there is a general ignorance of the problem it is a live question and though the town council have grappled with it and have adopted a system which they hope is a solution for the difficulties which are before them, it is felt that a discussion is not out of order. The new law is in some ways very radical. The only assessment permitted now is the assessment based on land values only, the value of buildings or other improvements not being considered. The law fixes the maximum rate of taxation at 20 mills upon the total value of the assessable property of the town. This, however, is exclusive of debenture rates, school rates and improvement rates.

It is very clear to see that the revenue from the straight tax when based on an assessment of values excluding all improvements will be materially decreased while the necessity for the revenue is not decreased. The question then resolves itself into that of how shall an adequate revenue be obtained when the 20 mill rate will not provide sufficient to meet the requirements of the town. In some towns, like our own, which are crippled in their financing either through errors of previous councils or through the optimistic undertakings of the past outturning actual development, the necessity arises to raise additional revenue by some other means. What avenues are open to the council which must face the situation?

Two recognized principles are in the foreground of the question. One is that public utilities, such as waterworks and lighting, should be self-supporting and the other is that local improvements, such as walks and sewers, should have their cost charged to the property fronting or abutting on them. Another negative principle is as clear, viz., that no tax should be imposed upon businesses, the owners of which are already paying taxes in the regular way upon the property upon which the business is being conducted, for if so this is, in an indirect manner, a tax upon improvements which assails the principle of the single tax.

Taking the latter first, what business tax is legitimate? The answer comes unobtrusively, hawkers, peddlers, travelling shows, transient traders, sellers of bankrupt stock, and any businesses conducted upon property that is, as far as the taxing powers of the municipality is concerned, exempt from bearing its share of the general taxation, and as well, any other business that desires to have any exclusive rights, ostensibly for its own protection.

Let us look at the matter of public utilities. The waterworks system is, perhaps the best as an example. It is known that the extensions of this system are costly and, in a town where the houses are scattered, the revenue from the extra services installed will not meet the cost of such extensions. Hence the most logical plan is to adopt a water frontage tax, as to raise the rates of the water users may militate against the purpose in view of making the system self-supporting by deterring the owners of property from installing the waterworks and it is the aim to increase the number of services rather than to deter the installing of the

service. The deficit reported for last year in this department is in round numbers, 4000 dollars. A frontage tax of ten cents from 40,000 feet frontage would wipe out this deficit. We do not know the number of feet frontage there is in this town but even if it were two-thirds of that mentioned above in two years the waterworks would be able to show a surplus instead of a deficit. The water frontage tax would be levied yearly and could be raised or reduced as the circumstances should warrant each year.

In the matter of sidewalks, the argument has been frequently used that as the walks are for the benefit of all the entire cost should be borne by the town. But against this is the fact that the owner of property abutting on the walks has benefited in the added value such walks have brought to his property. It has been recognized in many other towns that his additional values more than outweigh the benefit to the town at large and the principle in force is that the entire cost of the walks be charged to the property fronting or abutting on the walks except in the case of corner lots where the town itself may bear, say, two-thirds of the cost, the town of course paying the entire cost of street crossings and lane crossings. This frontage tax may be spread over four or five years, the town being responsible for the upkeep of the walks. In the case of cement walks the same principle obtains but as these have a greater permanency the cost might be spread over twenty years. This in itself would be an inducement to the petitioning property owners to ask for the more permanent, though more costly, kind of walk.

The distinction made in this article between public utility and local improvement is the generally accepted one, viz., a public utility is one from which a revenue is derived and a local improvement is one from which no revenue can be derived. Sewers then come in the latter class. Here however the benefit to be derived by the town at large falls more nearly to the benefit derived by the owners of property abutting upon the sewer. Nevertheless there is a distinct increase in the property value to that fronting upon the system. Here again the frontage tax principle applies. The tax may be smaller because a larger part of the burden properly falls upon the town but the tax should be sufficient to carry at least 50 per cent of cost. This tax, should be distributed over a term of years, as the system is a permanency.

In any case the inflation of the assessment or the levying of the maximum rate is only to meet great emergency. Either of these methods of increasing revenue operates inimically against the best interests of a town in these days of keen rivalry. It might be noted that the new Act increases the term of repayment of municipal loans from 30 years to 40 years and the loans shall not exceed 20 per cent of the rateable property. The recovery of taxes is made much easier for the town, as taxes are recoverable with costs in the same way that a landlord may recover rent in arrears. The mayor unless otherwise disqualified, shall during his term of office be ex-officio a justice of the peace and has the right to appoint special constables when necessary requires. All women formerly married women were barred over 21 whose names appear on the last Voters' List assessed at \$20 and upward shall vote similarly to men. Three months absence from the meetings of the council disqualifies a councillor.

Duncan Marshall speaks a portion of his true feeling of the wonderful fall wheat on the Clareholm experimental farm. Doubtless Mr. McInnis will insist that it is a nuisance for the government to grow good wheat at the farm, and will insist that merely an average crop alone is what should be produced for educational purposes. —Alberton.

## CLARESHOLM DISTRICT AT THE CONGRESS

One of the greatest opportunities that has ever been offered for the town advertisement of the West and particularly Alberta is presenting itself in the Dry-Farming Congress next October at Lethbridge. But while it is such, it is also an opportunity for the advertisement of the individual sections of the Province as well. It is the opportunity to let the world know of the advantages offered by the Clareholm district. The first endeavor should be to have an exhibit that will put the name of the district on the tongues of the visitors to the Congress. It is not expected that any one section of the country has a monopoly of all the good things but we have certainly more than a share. Preparation for an exhibit cannot be made in a day or a week or a month. As the logical center of the Clareholm District, it should be the care of the Clareholm Board of Trade to lead in the planning for the securing of at least a fair share of the publicity afforded. It would be productive of an incalculable benefit to the town and district if a missionary band were in attendance at the Congress. Headquarters should be provided in a large tent, conspicuously placed and marked. Supplies of literature, not of necessity the most expensive, should be at hand, and statistics and plans of the district showing where available land for homesteading, and available improved land for sale, with distances from market, from churches and schools, are located. The location of water-courses, grazing land, etc., should be familiar to those in charge of the district headquarters and a campaign of button-hole publicity carried out. We are responsible for the Hill country with its peculiar inducements to those who have been accustomed to such; no one responsible for the prairie with its own peculiar offerings to those who prefer the open lands. Other districts in Southern Alberta are making arrangements to be in prominence and there is no doubt but that the Clareholm District representation in "The Tented City" would be the best form of advertisement that we could secure.

The city gang massaged the main street on Monday and materially improved its complexion.—Feminine Press.

## "Sassy" Saskatchewan

Lethbridge, Alberta, April 22. The Government of Saskatchewan, through Hon. W. R. Motherwell, Minister of Agriculture, has offered a silver trophy and a cash prize for the two best exhibits of agricultural products of that Province displayed at the International Dry-Farmed Products' Exposition at Lethbridge, October 21-28 next.

The Provincial Government plans to sweep everything before it at the Exposition, and is arranging for an exhibition that will cost approximately \$5,000. It is estimated that fully 1000 farmers from Saskatchewan will attend the Dry-Farming Congress.

The department has placed the matter of arranging a provincial exhibit in the hands of Mr. H. N. Thompson, whose successful exhibit work at Colorado Springs last year, coupled with his experience in the Provincial Department of Agriculture with which he is an agronomist, qualifies him as an expert in this line.

Mr. Thompson has made application for the reservation of 2000 square feet of floor space for the provincial exhibit, 300 lineal feet for 50 or more districts in Saskatchewan, and he announces that he will be able to make entries in every individual class of products that are grown in the province.

Saskatchewan last year, came within a very few points of winning the Great Sweepstakes prize at Colorado Springs, losing out only through the fact that it had very few vegetables, whereas Alberta won by having a large vegetable display that scored high.

The Province holds the honor of having produced the best model of wheat in the world in 1911, and Mr. Thompson is arranging to uphold this honor this year at Lethbridge. He reports that the Department of Agriculture is sending out six lecturers and organizers, who are making a feature of interesting farmers to specialize. Those farmers who make a particular study of any one class of agricultural product will be given aid in their work by the Department of Agriculture, so that they may specialize even more in that class. In this way it is expected that the very best products of each class will be provided.

"That Rumely Tractor engine must go back to Saskatchewan with a delegation from our Province," said Mr. Thompson, at a conference with the Executive of the Canadian Board of Control of the International Dry-Farming Congress at Lethbridge, this week. "We have at least 50 farmers already in line to make a fight against the wheat growers of the world in the one wheel of hard wheat competition for the \$2500 sweepstakes engine. There is the most interest manifested in this prize, but we are also going after the Stewart Sheep Loader, which many of our wheat growers are anxious to possess; the International Packer that is offered for the best pack of dry grain; the grain blader that the International Harvester Company has offered for the best shed of oats, and what is more, we are sanguine that we will capture the Oliver-Gong Plover that is the prize for the best bushel of oats. "Not only will Saskatchewan endeavor to send the best exhibit to the Congress, but will also send a big delegation. We look for 1000 or more to attend. The delegates will assemble at Regina. Every district in the Province will be represented, if possible. They are all going to Lethbridge on special trains and they will make themselves conspicuous as the greatest grain growers of the world."

## Ten Commandments of the Dry-Farmer

By Prof. W. C. Palmer, Agricultural Editor Extension Department, North Dakota Agricultural College, in "Dry-Farming and Rural Homes," Lethbridge, Alberta.

- I. Thou shalt Plow Deep. Deep plowing lets rain get into soil easily. Deep plowing lets in big rain without run-off. Deep plowing provides more feeding space for plant roots. More plant food made available.
- II. Thou shalt Keep the Surface Soil Loose and Level and Lower Soil Compact. Loose surface soil keeps soil moisture from evaporating.

Loose surface soil lets rain get into soil easily. More plant food made available, due to more moisture.

Harrow the grain after it is up two inches, or use weeder. Least cultivation leaves the least soil exposed to the air.

More evaporation from a rigid soil on rigid soil the rain runs off through the furrows.

The soil in the ridges dries out so that the plant has less moist surface soil to draw on for food and moisture.

Compact loose soil brings moisture up to plant roots. Subsurface packer leaves surface soil loose, lower soil compact.

III. Thou shalt Add Organic Matter to the Soil. Organic matter holds moisture and plant food.

Organic matter improves mechanical condition of the soil. Organic matter helps make plant food available.

Organic matter lessens drifting and blowing of the soil. Sowing half bushel barley or oats on fall plowing lessens drifting. Organic matter lessens washing of soil.

Stable manure is the best form. Growing grass or leguminous crops add organic matter. Plow weeds under when green.

IV. Thou shalt Summer Fallow When Rainfall is Less Than Fifteen Inches. The summer fallow saves up two years rain for one crop.

The summer fallow kills weeds and plant diseases. Plow summer fallow before June 15.

Cultivate summer fallow at least twice. When rainfall is over fifteen inches corn will be as good a preparation for a crop as the bare fallow.

V. Thou shalt Grow Corn or a Cultivated Crop every Two to Five Years. Corn cultivation saves moisture. Corn cultivation kills weeds. Corn cultivation kills plant diseases.

Corn best preparation for a grain crop. Corn produces fine stock food, both grain and fodder.

Corn produces more per acre than any other crop. Do not hill up the corn, as this wastes the moisture.

VI. Thou shalt grow Clover, Alfalfa or some Leguminous Crop Every Few Years. Clover and alfalfa add fertility to the soil.

Clover and alfalfa add or make matter to the soil. Clover and alfalfa kill weeds and plant diseases.

Clover and alfalfa produce a most valuable hay. Clover and alfalfa produce very valuable seed crops.

If these will not grow, try other leguminous crops, field peas for instance.

VII. Thou shalt Grow Early Maturing Crops. Growing conditions best in early summer.

Winter grains better than early grains when they do not winter kill.

VIII. Thou shalt Keep Down the Weeds. Weeds use up moisture. Weeds crowd the plants.

Weeds crowd the plants. Weeds crowd the crops. Weeds make it difficult for the plant to grow.

Weeds make it hard to work the land properly. IX. Thou shalt Keep Stock. The most profitable way of marketing grain and fodder is through stock.

They produce manure, which is very necessary to the soil. They bring about prosperity.

X. Thou shalt Plant Trees. Trees prevent drifting of soil. Trees lessen evaporation. Trees hold snow.

Trees increase yield. Trees lessen the effects of hot winds. Trees make a home for birds that eat harmful insects.

Trees furnish fuel and fence posts. Trees make a place home-like and shelter stock, garden and fruit trees.

When clean cultivated, trees will do well. If left to fight weeds and grass they are quite sure to fail.

Who obeys these commandments shall reap abundant crops.

### Bald Heads Not Wanted

Business is too generally considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Probably 65 per cent of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should doubt, doubt our word, or hesitate to put our remedy to an actual test.

We want every one in Claresholm who is suffering from any scalp or hair trouble, dandruff, falling hair, or baldness to try our Remedy "48" Hair Tonic. We want them to use it regularly, say until three bottles have been used, and if it does not completely cleanse and refresh the scalp, tighten the hair in its roots and grow new hair, we will return every cent paid us for the remedy for the next six weeks. There is no formality expected, and we exact no obligation from the user whatever.

We are established right here in Claresholm, and make this offer with full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make this offer unless we were positively certain that we could substantiate it in every particular. Remember, you can obtain Remedy "48" in this community only at our store The Remedy Store, O. L. Blevins.

Spokane has a Boyce Home League and will hold a home industry exhibition for a week, beginning April 29th.
